

### Teachers Answer Sheet

1. Pakistan
2. Fresh water, clean air and healthy food
3. Inequality, extreme poverty and protecting our planet
4. Don't waste food, water or electricity; stick up for people who aren't being treated fairly; respect each other's human rights; take care of the planet and each other; share our resources fairly and sustainably.
5. Open for discussion! Here you can encourage pupils to think about other solutions that they could do as 'Changemakers'. Read the below information on Malala for further information on an example of a Changemaker.

### **Background information on Malala Yousafzai**

Malala Yousafzai was born in Mingora, in the Swat Valley in Pakistan, in 1997. The Swat Valley was a popular tourist spot until the Taliban (an Islamic militant group) tried to take control. Malala went to a school run by her father, Ziauddin Yousafzai. After the Taliban began attacking girls' schools, Malala gave a speech in Peshawar, Pakistan, in September 2008. The title of her talk was, "How dare the Taliban take away my basic right to education?"

She continued to speak out about her right, and the right of all women, to an education. In 2012, Malala was shot after the Taliban issued threats against her. She received medical help and moved to the United Kingdom, starting school there in March 2013. In 2014, Malala was awarded the Nobel Peace Prize and donated the \$50,000 prize money to help rebuild 50 schools in Gaza. Malala recently graduated from Oxford University and continues to support education for girls through her charity, the Malala Fund.
