

GOAL's programming focus

Providing immediate relief and basic humanitarian support & stabilizing and strengthening local systems to build longer term resilience.

4 strategies for DRR in FCAC

A photograph of a storage room. On the left, a sign is taped to a wall. The sign has the word 'GOAL' in large, black, sans-serif capital letters. The letter 'O' is replaced by a black silhouette of a globe showing the continents. To the right of the sign, there are several tall, neat stacks of white, rectangular sacks, likely containing flour or grain. In the background, a doorway is visible, leading to a brighter area. To the right of the doorway, there is a wooden structure, possibly a ladder or a frame. The overall lighting is somewhat dim, with a strong light source coming from the doorway.
