1	<p>1. EPDK (Enerji Piyasası Düzenleme Kurumu) is determining the discount rate of the fuel in Turkey. It will be necessary to reflect the discount rate to your organisation according to the decision of EPDK, if the discount rate decreases we will have to discount the rate we reflect to your organisation and if the discount rate increases we will have to increase the rate we reflect to your organisation in the future. Will you accept this change in any period of the contract? Or will the discount rate be constant as in the contract?</p>	<p>Please refer to Updated Appendix 5 Financial Offer as published on https://www.goalglobal.org/tenders/</p> <p>1. Whilst GOAL understand and accept that the Turkish Energy Market Regulatory Authority (EPDK) determine the price of electricity in Turkey and this price may fluctuate.</p> <p>GOAL would also like to determine if your company offer Corporate Discounts to clients. GOAL being a potential corporate client.</p>
