As GOAL works towards its mission with the most vulnerable communities to help them respond to and recover from humanitarian crises, and to assist them build transcendent solutions to mitigate poverty and vulnerability, we, as GOAL board members/ trustees and company members, GOAL employees, consultants /contractors/suppliers, GOAL partners and GOAL visitors; must always maintain and be seen to practice the highest standards of behaviour, accountability and integrity with everyone we encounter. This will ensure that we protect our staff, we deliver the best service to the communities with whom we work and protect and uphold GOAL’s image and reputation.

The Code sets out behaviour deemed to be acceptable, and that which is unacceptable. It defines your responsibilities while connected with GOAL. The examples given are, by definition, non-exhaustive. Where the Code does not address any specific issues or ethical dilemmas that arise, common sense should be applied. If in doubt, discuss the matter with your Line Manager or a HR representative or a GOAL focal point if you are a GOAL partner.

The Code is informed by International Human Rights and Humanitarian Law, UN standards and Conventions including the UN Convention on the Rights of the Child (CRC) and best practice guidelines from the humanitarian sector (including GOAL’s own policies and experience). GOAL is also committed to maintaining the Core Humanitarian Standards found here, which should be read and understood alongside the Code.

The Code applies regardless of location. As GOAL operates across multiple countries across the globe, the Code cannot cover all laws and regulations in every country. You will need to be familiar with the relevant laws and regulations as they apply to you and where you work or operate. If there is a difference between a local legal requirement and the Code, apply the highest and most stringent standard. If in any doubt, please contact your Line Manager or a HR representative or a GOAL focal point if you are a GOAL partner.
