

Clarifications for Invitation to Tender (ITT) for three-year framework agreement, subject to provision of GOAL Ethiopia employee's medical insurance premium, REF: ITT-ADD-ZZ1-50301

Clarifications issue 5 date : June 5 2026

#	Question	Answer
1	<p>1. Financial Offer</p> <p>On the ITT of the tender, it says that the premium quote must include all covers requested by your good office without any partial amount, but the table prepared on ITT it requests to put each cover with all respective premium amount and percentage. Therefore, how can we present the stated amount and percentage of the table, if we compute single premium, assuming that all additional benefits are within the basic coverage?</p>	<p>Kindly provide as per the financial request in the ITT document, it is very clear and straight forward.</p>
2	<p>2. Credit Sales Agreement</p> <p>On ITT of the tender, bidders requested to attach evidence of all credit medical service agreements (copy of credit medical service agreement). However, copy of all credit medical service agreements will be a huge document. So, is listing the credit medical service providers in the technical proposal document enough?</p>	<p>We need the copy of credit medical service agreements for our reference. Please provide your evidence as per the ITT document request.</p>
